PERFECT HEALTH.

If there is a blessing to be prized above all others it is the enjoyment of perfect health; but this, unfortunately, is the exception rather than the rule. Late hours, irregularity of habits, the indulgence in the use of improper articles of food and drink, together with unwholesome air and lack of sufficient exercise, form the basis of nearly all ills the human body is heir to. And all these ills are accompanied by an impoverished condition of the blood, for the cure of which we don't imagine there is a remedy in the market possessing more sterling curative properties than the *True "L. F." Atwood's Bitters.* This remedy is known as one of the greatest blood purifiers ever invented, and in cases of dyspepsia, biliousness, kidney complaints, headache, loss of appetite, general debility, etc., its effects will be far beyond the expectations of the user. This truly wonderful medicine gives tone and vigor to the whole system, and the glow of health, elastic step and buoyant spirits give ample evidence of its beneficial effects. Owing to the great success these bitters have had for some thirty years, the make-up, label, etc., have been counterfeited by unprincipled parties, therefore we caution all of our readers who desire to procure the rightful article, to be sure and observe the copyrighted label and patented trade-mark "L. F." which will be found on the true Medicine. All others are frauds, with none of the great and beneficial effects to be obtained from the use of the true article.

PREFACE.

In accordance with our usual custom of publishing the Directory of Biddeford and Saco, we now present No. 6 of the regular series, believing its fullness and correctness will fully sustain, if not surpass, its former reputation. Of its welcome reception by our former patrons and the general public we have the fullest confidence.

The combined social, commercial and manufacturing advantages which have accrued to the two cities here represented, on account of their proximity to each other and to one of the finest water powers in the State, joined to the important navigation facilities afforded by the mingling of the Saco river with tide water, from the base of its fall to its widening mouth, have so increased business and population as to call for a new directory quite as often as we have furnished it. As cities increase in size and importance the directory becomes more and more valuable and indispensable as a book of reference, not only to its citizens, but to strangers and visitors who have constant occasion to consult its pages for information of one kind or another.

Orders for our directories come to us from distant parts of the country, showing that our circulation is not limited to the cities they represent.

Persons using the directory will find it greatly to their advantage to know the precise spelling of a name before looking for it, as names pronounced the same but spelled in various ways will be found to appear on different pages at quite a distance from each other.

The present directory shows the following increase of names since the previous issue:

	1880.	1882.	Increase.
Names in Biddeford,	3,167	4,105	938
" " Saco,	2,177	2,770	593

We take this occasion to express our thanks for the uniform courtesy and important assistance afforded to our agents in collecting information for the present number.

Pepperell Park is a tract of land of a number of acres, situated on the easterly side of the village, and was granted to the town, in 1752, by Sir William Pepperell. The donation of a part consisted of four acres "for building a meeting-house, for a burying-place, and for setting up a school-house, and for no other use or end whatever." A still larger grant was made of land adjoining, by the same grantor, "for a training-field," etc. The Unitarian church, now occupied by Rev. J. T. G. Nichols' society, is situated on this grant.
